

DATA SCIENCE COLLOQUIUM

(SUMMER TERM 2024)

April 4th, 2024 at 5 PM

Online (Zoom)

Prof. Marco Cuturi

Professor of Statistics,
CREST - ENSAE, Institut Polytechnique de Paris
Research Scientist, Apple ML Research, Paris

Neural Approaches to Optimal Transport

In his talk, Prof. Cuturi will cover the basics of the Kantorovich and Monge optimal transportation problems. In the following, he will proceed with an exposition of various approaches recently proposed to estimate optimal transport maps at scale, using samples from two probability distributions and neural networks.

Chair: Prof. Sabine Le Borne
