TOR ZUR WELT DER MOLEKÜLE

Organic Chemistry Colloquium

Winter Term 2026

Tuesdays **16:15** in Hörsaal D

20.10.2026

Dr. Kevin Neumann

Radboud University, Nijmegen

Precision Synthesis and Click Chemistry

"A Journey Through Molecular Precision: From Small-Molecule Reactivity to Macromolecular Function"

27.10.2026

Prof. Amelie Heuer-Jungemann

TU Dortmund

Hybrid Bionanosystems

"From DNA origami to hybrid nanomaterials – controlling protein function at the nanoscale"

03.11.2026

Dr. Florian Hubrich

Helmholtz-Institut für Pharmazeutische Forschung Saarland (HIPS)

Biocatalysis for Pharmaceuticals

"Expanding the prenylated peptide chemical space for drug discovery"

24.11.2026

Dr. Frederike Adams

Universität Stuttgart

Drug Delivery and Nanomedicine

"Precision Polymers by Metal Catalysis: From Sustainable Polyesters to Nanocarriers"
