Econometrics in the Castle:

„Machine Learning in Economics and Econometrics"

Südliches Schloßrondell 23, Nymphenburg Castle
Munich, Germany May 29/30th 2018

Call for Papers

The aim of the conference is to bring together economists, econometricians, statisticians and social scientists using big data methods for their applied and/or theoretical research. We welcome submissions related to all aspects of machine learning, including sparse modeling, Lasso, random forests, boosting, neural networks and deep learning, and applications in microeconomics, macroeconomics or related fields. Depending on the number of submissions, there might be a poster session as well.

Keynote speakers:

Victor Chernozhukov (MIT)

Stefan Wager (Stanford)

- No Registration Fee
- Lunches und Conference Dinner included
- Please send your submission (complete paper or 2-3 page abstract) to workshop.ml.munich@gmail.com. Preference will be given to complete papers.

Submission deadline: January 31st, 2018
