

Starting a Company in the Life Sciences

Tobias Gräwert
Managing Director BIOSAXS GmbH

How do I start a science-based business?
What unexpected obstacles need to be considered before founding a company?
These and other questions will be answered by Dr. Tobias Gräwert, managing director of the EMBL spin-off BIOSAXS GmbH, during the next

PIER Innovation Lunch Talk

Join us for a get-together after the talk, discuss further questions with the speaker and meet like-minded fellow researchers. Free refreshments and snacks will be provided.

Date

19 April 2018,
